## The Fact Remains

No amount of misrepresentation by the peddlers of alum daking powders, no juggling with chemicals, or treathded analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.

Her plan of escape is said by the police to have been "cleverly conceived" although the details were not made public today.
